AMERICAN COUNCIL ON EDUCATION (ACE) COLLEGE CREDIT

The *electrical training ALLIANCE*, in conjunction with the American Council on Education (ACE), has submitted *electrical training ALLIANCE* Apprenticeship Courses for evaluation and for the establishment of recommended college credit for each year of the apprenticeship program. When you register your apprenticeship training with ACE, **through the *electrical training ALLIANCE,*** you are eligible to receive a transcript which you can take to a college/university of your choice to receive college credit. The availability and amount of credit will be dependent on the college/university you apply to, and the type of degree you are seeking.

Below are the steps to help you successfully establish a record with ACE and receive an official transcript. The JATC/AJATC Chairman and Secretary must sign this form in order to process the request.

Step 1: Submitting Your Application

Submit your College Credit Application and $45.00 processing fee made payable to the *electrical training ALLIANCE*. Payment can be made with a personal check, JATC check, money order, or cashier's check.

Please remember to include an email address on the form. You will be contacted by email with further instructions once your application is processed. Once you receive the email, you can then go to Step 2.

Step 2: Register Your Account on the ACE Website

Once your application has been approved and processed by the *electrical training ALLIANCE*, you will then receive an automated (no reply) email from ACE to inform you that your ACE record has been established. At this point, you may choose to activate your records by following the instructions in the email. Your username is your last name and your password is your social security number. Please DO NOT register with ACE prior to receiving this email. This will cause issues with the system.

Step 3: Activate Your Record

In order to do this you will need to log on to: https://www.acenet.edu/transcripts. Select Register Now and complete the information to establish your account. You only need to register on this site one time for the online Transcript Service. If you have previously registered for the online Transcript Service, it is not necessary to register again. This site will allow you to view your record and order transcripts. The *electrical training ALLIANCE* has paid your registration fee which includes one official transcript. Additional transcripts are $15.00 each.

View the list of cooperating colleges: Participating higher education institutions in the ACE Cooperating College and University Network attract increasing numbers of adult learners. It is important to note that having the ACE recommended credits does not suggest that all credits will apply toward any and all degrees. Some colleges may be reluctant to accept the credits and all courses are not guaranteed to apply toward all college degree programs.

If a college has denied your request to transfer your ACE credit recommendations please use the
Student Request for Assistance Form http://www2.acenet.edu/webforms/forms/credit/Request_for_Assistance.aspx

To earn college credit, simply complete this form. You must enter *each year* of apprenticeship for which you are applying. You may apply after successfully completing each year, or wait until you have completed your apprenticeship. Mail the completed form to the *electrical training ALLIANCE* along with a check for any applicable fees (payable to *electrical training ALLIANCE*). There is a **one-time** registration fee of $45.00 per student. The fee includes ONE complimentary transcript. Additional transcripts are $15.00 each and can be ordered directly from The American Council on Education (ACE) at: https://acenet.edu./transcripts. The JATC/AJATC Chairman and Secretary **MUST** certify by signing the form to validate the application.
